ABOUT US

The Energy and Water Ombudsman Queensland (EWOQ) is a **free, fair and independent** dispute resolution service.

We help people and small businesses in Queensland who have a problem with their electricity and gas providers and those in South East Queensland who have problems with their water providers too.

We are an ombudsman service. Which means we are fair and independent – we are not part of the government or energy and water companies.

Our service is free for all Queenslanders.

We acknowledge the Traditional Custodians of the lands across Queensland and pay our respects to Elders past, present and emerging.

3

Make sure to keep all letters, emails, bills and notes from your conversations with them.

4

If your problem isn't fixed, or you are unhappy with the outcome, contact us.

WHAT HAPPENS AFTER YOU MAKE A COMPLAINT

After you make a complaint with us we will work with you and your energy company to fix your problem.

First, we will:

- speak to your energy company and let them know what your problem is
- ask them to contact you to fix it.

They have 5 working days to contact you.

If we don't hear from you, we will contact you within 3 weeks to see if the problem has been fixed.

If the problem has not been fixed, or the company never contacted you, we will:

- open an investigation
- speak to your energy company to investigate the problem
- work with them to find an outcome that is fair and tries to fix your problem.

Once the investigation is complete, we'll contact you with the outcome.
